SWEDISH QUALITY & DESIGN SINCE 1898

The Kalea Kosmos has an elegant, futuristic design and a virtually soundless drive system to blend in seamlessly with your interior design and everyday life. To ensure that you get a lift which is perfectly adapted to your needs and budget, the Kalea Kosmos is available in three different models. We invite you to discover the Kalea Kosmos X60, X70 and X90, our next generation of platform lifts.

KALEA KOSMOS **x90**

PANORAMIC LIFT SHAFT

Our lifts are always delivered with a ready-made shaft in steel or glass to speed up installation and reduce your building costs. In addition, the smart construction of our platform lifts makes it possible to glaze all 4 sides of the lift shaft, offering you the opportunity to create an elegant and ethereal lift design that preserves the light and airiness of your space.

FOR YOUR PEACE OF MIND

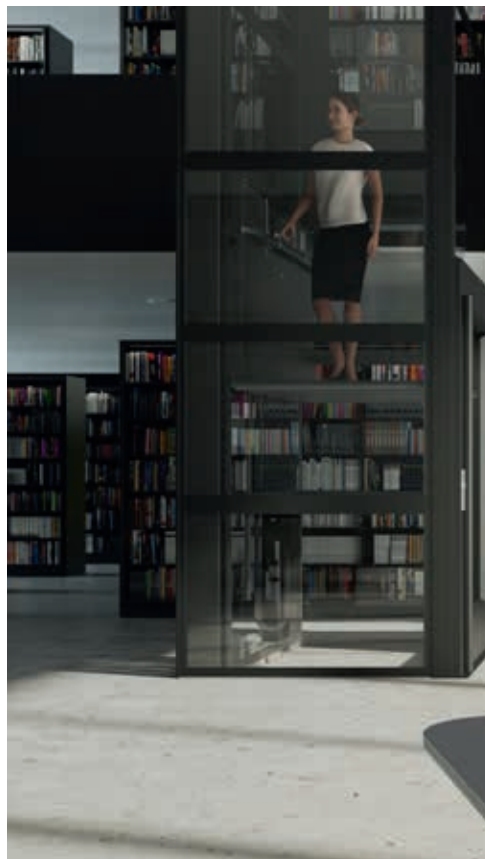

ECOSILENT SCREW DRIVE SYSTEM

The EcoSilent drive system was inspired by the beauty and serenity of the Swedish landscapes. This revolutionary drive system makes our lifts more quiet and energy-efficient than ever before.

The EcoSilent system reduces the energy consumption of your lift by 45% and a great investment for your lift and for the planet.

- ✓ QUIET OPERATION - MORE SILENT THAN A MODERN DISH WASHER
- ✓ ENERGY LABEL A - CONSUMES LESS THAN A MODERN WASHING MACHINE (215 KWH/YEAR)*
- ✓ LOW OPERATING COSTS - OPTIMISED DRIVE WITH MINIMAL WEAR AND TEAR

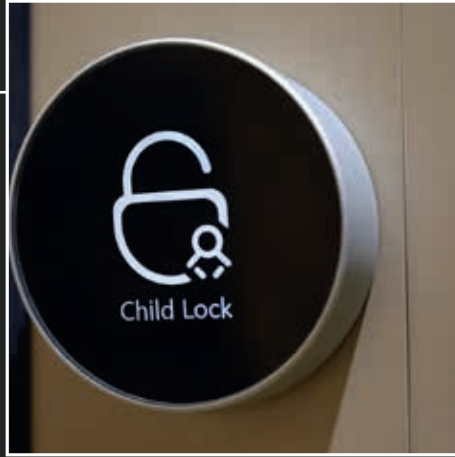

SAFE & RELIABLE LIFT TECHNOLOGY

Our lifts are driven by screw and nut, a reliable and robust technology, which requires very little maintenance. Thanks to this unique drive system, our lifts require no separate machine room, no lift pit, and only a minimal headroom of 2300 mm on the top floor.

- BATTERY EMERGENCY LOWERING - AUTOMATIC LOWERING OF THE LIFT IN CASE OF POWER OUTAGE
- OVERLOAD PROTECTION
- CONTROL SYSTEM WITH SAFETY INTEGRITY LEVEL 3 (SIL3)
- SAFETY EDGES STOP THE LIFT AT THE SLIGHTEST TOUCH
- OPTIONAL FIRE DRIVE CONNECTED TO FIRE ALARM
- OPTIONAL CHILD LOCK AND TAG LOCK SYSTEMS

CHILD LOCK

SAFETY FUNCTION

Reduce the risk of children using lift alone. Provide all-round protection and avoid children's mis-operation. Security upgrade for your children and providing quality services for families.

USER-FRIENDLY TOUCHSCREEN CONTROLS

LUMINOUS DESIGN

Because we want our lifts to offer you a unique and comfortable user experience, the Kalea Kosmos is equipped with responsive, ergonomic touchscreen controls for the

platform and landings. In addition, the smart floor indicators of Kosmos X70 and X90, interact with you by providing useful information about lift operation status.

INSPIRED LIGHTING

The elegant downlights of the control panel create a beautiful play of shadow and light.

BUILT-IN FAN

HIGH-POWER CIRCULATION FAN

The built-in circulation fan offers you refreshing comfort.

THIS IS KALEA

Kalea was created in 1898 in Gothenburg, Sweden, and is one of the oldest lift brands still in existence. In 2008, Kalea became a member of Cibes Lift Group, one of the world's largest manufacturers of space-saving, modular lifts. All lifts are manufactured in our factory in Gävle, Sweden, and distributed to more than 70 countries via a network of 200 certified dealers. Visit www.kalealifts.com to find your closest dealer.

For more product details and information about the product and accessory selection, contact Kalea Lifts. This product information is general and we reserve the right to modify product design and specifications. All images of lifts and samples in this brochure are displayed for inspirational purposes only and deviations in colour reproduction may occur. For critical colour matches, physical painted samples and physical floor samples are recommended. All Kalea lift models carry the CE mark and go through extensive testing and quality checks before leaving our factory. Our lifts are certified products that comply with European Safety Standard Machinery Directive 2006/42/EC. The brand Kalea Lifts is owned by Cibes Lift Group AB.
